

# City of Clovis Public Utilities Department

155 N. Sunnyside Avenue, Clovis, CA 93611 (559) 324-2600

May 24, 2011

Mr. Trevor Joseph  
California Department of Water Resources  
Division of Integrated Regional Water Management  
Financial Assistance Branch  
Post Office Box 942836  
Sacramento, CA 94236

Dear Mr. Joseph,

Subject: Proposition 84 Round 1 Implementation Grant Draft Funding  
Recommendations

The City of Clovis supports the draft Proposition 84 Round 1 Implementation funding recommendations as proposed by the Department of Water Resources and encourages finalization without revision. The City appreciates the recommendation to award the Upper Kings Basin IRWM Authority \$8,496,000. This funding will allow the Authority members to implement projects that will improve water supply through water banking, expanded water treatment of existing surface water supplies, reduce groundwater pumping through metering and address water supply and quality needs of disadvantaged communities in the Region. Thank you for your consideration.

Sincerely,

Mike Leonardo  
Public Utilities Director
